

CHAIN CONVEYOR GWS & GWD

The conveyor system is ideal for horizontal and vertical conveying within the same conveying system. It is especially suitable for products such as wood chips, biomass, powder products, sawdust and other wood waste.

- High output
- A tenth of the energy consumption compared to a traditional air conveying
- Conveying in all degrees up to vertical
- Horizontal up to 8 meter free span
- Reliable
- Fireproof
- Dustproof
- Noiseless
- Minimum maintenance

Grainas conveyor type: GWS				
Angle of slope		0 - 30°	30° - 60°	90°
Max. capacity	GWS-450	80 m ³ /h	60 m ³ /h	30 m ³ /h
	GWS-650	110 m ³ /h	80 m ³ /h	50 m ³ /h

Grainas conveyor type: GWD				
Angle of slope		0 - 30°	30° - 60°	90°
Max. capacity	GWD-450	80 m ³ /h	60 m ³ /h	30 m ³ /h
	GWD-650	110 m ³ /h	80 m ³ /h	50 m ³ /h
	GWD-700	200 m ³ /h	200 m ³ /h	100 m ³ /h
	GWD-1000	500 m ³ /h	500 m ³ /h	250 m ³ /h
